LIZHENSCK TRIP RECAP DAY 2

On Monday, the yeshiva spent the night at the Molo Resort Hotel, where the bachurim enjoyed a BBQ dinner and a fun-filled night of swimming, billiards, and bowling!

Following Shachris the next morning, the mood shifted as the yeshiva headed to visit Auschwitz-Birkenau. As the yeshiva walked the grounds of the former concentration camp, the profound weight of history deeply touched us all. Throughout the day, the talmidim were guided through powerful historical accounts and deeply moving Divrei Chizuk delivered by numerous Rebbeim. Rabbi Schnall, Avi Silber, and Ezzy Perlstein shared personal and poignant stories of their grandparents' survival, making the experience even more meaningful. It was a day marked by learning, inspiration, and an unshakable sense of emunah and resilience.

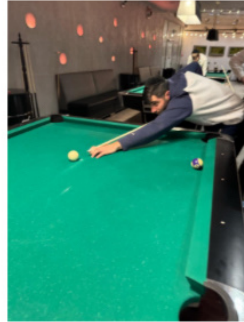

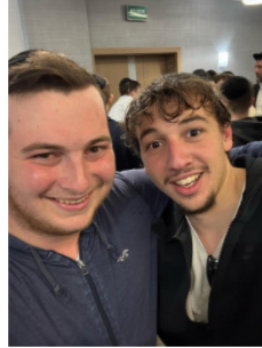

Later in the afternoon the yeshiva then headed out towards the beautiful Tatra Mountains of Slovakia. The Jasna Ski hotel (situated right on the ski slopes) provided a comfortable and relaxing environment, as the bachurim enjoyed a warm dinner and took some time to relax and reflect after an emotional and inspiring day.

With an exciting day of skiing ahead, the bachurim got an early night's sleep, eager for the fun that awaited them on the slopes.

Stay tuned for the recap of Day 3 in the upcoming Bein Hazmanim newsletter!
